#### Class Action Settlement Information

We have received your letter requesting information regarding the status of the class action settlement in Vollmer et al. v. Publishers Clearing House et al. Class Counsel has authorized us to send this letter to you in response.

On February 18, 2000, the District Court approved the settlement. The dates for claims to be made, to object to the settlement, or to opt out of the class action have passed (except in a small number of circumstances if you received a letter asking for additional information).

Although the District Court has approved the settlement, there is an appeal pending that may delay the payment of claims that were accepted. (If you made a claim and do not receive a letter asking for further information, you can assume your claim was accepted in the amount you requested).

There is no way to tell at this time how long the appeal may take, but you can periodically check the Consumer Affairs page on PCH's website ([www.pch.com/help/consumaffairs/classaction.asp](http://www.pch.com/help/consumaffairs/classaction.asp)) for further status reports regarding the date of payment.

If you have any additional questions, please contact Class Counsel in writing at:
